Prato Piazza was part of the Austrian front line in the First World War. During the hike, we encounter a ruin of an Austrian base camp as well as the remains of trenches and a ropeway for equipment transportation.

Marvellous walking tour on the 2000 m high plateau in the middle of the Dolomites of Prags.

From "Stiergarten" to the Nemes hut

The new cableway takes us from Signaue in Sesto to the "Stiergarten" (the bulls' garden), where the bulls of this area once spent their summers. Today, the farmers of the surroundings do not breed bulls anymore; in summer, however, the farmers of Sesto send their calves, horses and sheep up to the wide alpine pastures.

From this high plateau, we enjoy a wonderful view of the Dolomites of Sesto. We start hiking slightly downhill to the Klammbach hut and then over the alpine path over a smooth uphill and downhill stretch, offering a stunning view of the Three Peaks proceeding to the Nemes hut, where we stop for a good lunch.

In the afternoon, we then head back to the Passo Monte Croce from where we use the public bus service back to our starting point.

From the Gotres valley to forcella Lerosa and Ra Stua hut

Our destination point of this hiking tour is the nature park "Dolomiti d'Ampezzo", which is part of the municipality Cortina, with the Tofane peaks, the mountain massifs of Fanes, Col Becchei, Croda Rossa d'Ampezzo and Cristallo.

We take the ascent from the passo Cimabanche over the Gotres valley to the Forcella Lerosa, from where we get a stunning view of the south face of the Croda Rossa d'Ampezzo. On the wonderful mountain meadows of the Forcella Lerosa, most probably, we will spot some marmots and hear their whistling echoing over the alpine pastures and, if we are lucky, we will discover some chamois and deer's traces. Those animals are particularly shy and therefore rarely to be seen during the day. However, who knows, we might be lucky....

From the saddle, we take the descent to the Ra Stua hut, where we enjoy a good lunch. Afterwards, we take a shuttle Taxi til Fiammes, from where we take the bus back to Dobbiaco.

We start our tour in the Höhlenstein-Valley and reach through the Knappenfuss-Valley the Plätzwiese. The ascent starts in the wood and reaches after some serpentines the Plätzwiese.
